

Let our optometrist come to you

You may be eligible to have your sight tested at home if you qualify for NHS funded eye tests but cannot leave your home unaccompanied.

Please contact us so we can advise about your eligibility and arrange a home visit.

Expert eyecare and high quality spectacles brought to your home

Visioncare Medical Eye Centre is a group of north London based optometrists who have won numerous awards for excellence. Visioncare's senior partners practice at their premises in

Wealdstone and Barnet, and also at Harley Street and Moorfields Eye Hospital.

If you have difficulty getting out and about, Visioncare can arrange a home visit. This means you can have a thorough eye examination and we can dispense spectacles without the need for you to attend our practice.

NHS Help with your eyecare

You may be eligible for free NHS eyecare at home if you cannot leave your house unaccompanied.

Please telephone one of the numbers below and we will advise you about your NHS entitlements.

What happens during a Visioncare home visit?

- 1** Our optometrist comes to your home at the appointed time and shows you a photographic ID card. It takes a few minutes to set up the portable testing equipment, then everything is ready for your eye test.
- 2** The eye test is conducted using charts and trial lenses, exactly the same way as if you were in our practice. The optometrist checks for eye health related conditions such as glaucoma and cataracts, and discusses any particular needs you place on your vision.
- 3** After a 30 - 40 minute test, your prescription is completed and we leave a copy with you. If you need new glasses, our optometrist shows you a selection of frames and gives specialist advice over your choice of lenses.
- 4** It takes a few days to make your glasses. When they are ready, we arrange another time to come back to your home so we can fit them. We then make sure your spectacles are comfortable and that you can see as clearly as possible.

To arrange a home visit, please telephone: (Wealdstone) 020 8863 5333 or (New Barnet) 020 8440 8986
